

St. Michael's Catholic Church Is Dedicated!

The new St. Michael's Catholic Church in Cherokee Village was dedicated at special services held this past Sunday, March 11. The church, located just south of the Highway 175-62 intersection near Highland, was built at a cost of over \$300,000.00. Over five hundred persons attended the occasion, in the worship auditorium that is designed to hold around 440. It can be expanded to seat 1,600, however, according to finance committee chairman Cliff Rowland. Presiding over the dedication services was the Most Reverend Andrew J. McDonald.
