

Saint Michael's Catholic Church

September 19, 2021

Dear Parishioners,

Earlier this summer, we were hopeful that the Pandemic was behind us and began scheduling social activities in our parish once again. However, the Delta variant is proving to be very contagious with increasing cases in our community and within our parish. I feel it is important at this time that we take extra precautions. Therefore, effective immediately:

- Persons who have a fever are asked not to enter the church building for any purpose.
- If you are coughing, have a runny nose, and/or sneezing, please remain at home unless you have received a negative Covid test. (Covid often presents itself at first as a cold.)
- All regular group meetings may continue, following the first two precautions.
- CCD will begin this weekend as scheduled; however, you are asked to follow the Covid screening protocols that were in place last year. I have asked our DRE, Lori Templet, to remind all involved what they are.
- All large events that bring in people from outside our community, ie: Bingo, indoor KC events, Magnificat Luncheons, etc, have been canceled until further notice.
- Any food preparation and serving in the church hall kitchen should be done with masks and gloves, after following the first two precautions above. Buffet-style meals should be done with a server, not with shared serving spoons.

May God bless you and all your dear ones with good health, happiness, peace, and comfort, and grant you success in all your daily efforts.

With prayers,

Fr. Amal, pastor
